Welcome to Year 1 2026-2027

**What is important
when moving to
Year 1?**

1. Making sure the children feel confident and settled.
2. Keeping children interested and motivated to learn.
3. Continuing the learning journey with minimum disruption.

Welcome to Year 1 2026-2027

The children will learn in an active way that is appropriate to their developmental needs.

Teaching of 'National Curriculum' subjects will include lots of practical activities.

The children will be building upon the skills of independence they have developed in Reception.

The children will take part in guided groups and build on their prior learning. As the year progresses, they will begin to work with greater independence.

Reading

Children will be given a phonetically decodable reading book. This will be changed every week.

Children must have their reading book in school every day as we will read with children as often as possible. Please bring this to school in a book bag.

We ask parents to read as much as possible with their children and write a comment in their reading record.

Reading a book more than once helps children become confident and enjoy their reading.

There will be a strong focus on Phonics and Reading throughout Year 1.

We will follow our scheme to provide a structured and systematic approach to teaching Phonics.

Children will learn the phonetic sounds to help them blend and read words.

Teaching them the right phonics skills will ensure they become successful readers and make them feel confident when taking the Phonics Screening Test at the end of Year 1 in June.

Children will complete the test by reading 40 words. These are a mixture of 'real' words and 'alien' words. The pass rate has been 32 for the past few years but this may change.
